REACHReady has thousands of subscribers. Here's what just some of them have said about us...

"Without **REACHReady**, I would not have known where to turn. They have shown how apparently impenetrable legislation conceals quite simple tasks and offered personal help with some less clear products. Excellent value for money for a small company like us."

"**REACHReady** provides a first class – one stop shop – on REACH which I believe is unique across Europe. Information, technical guidance, helpful tools, help desk, newsletters etc are all part of the service.

I have always received a quick and detailed response to my questions on REACH. Everybody in the 'supply chain' should be using these services and also contributing to the ongoing discussion on REACH implementation."

"I have regularly been in touch with the **REACHReady** team with various queries and have found them very helpful, pleasant and knowledgeable. They have responded to my queries promptly each time and are happy to discuss thorny interpretation issues."

"A timely, informative and very well run workshop that helped de-mystify a challenging and urgent subject."

"The seminar provided everything you need to know about pre-registration in an easily digestible package."

"Attending the seminar has provided me with the knowledge and confidence to carry out my pre-registration duties under REACH."

"Another excellent **REACHReady** event."
